

TURK TU'MER

Product Experience Strategist | Design Technologist

uxaiworx.com | linkedin.com/in/turkt | hello@uxaiworx.com | 708-232-8000 | San Diego, CA

SUMMARY

Design thinking. Working code. Production delivery. Product-focused leader with 15+ years helping organizations turn complex business challenges into intuitive digital products. Brings a rare combination of UX strategy, agency leadership, entrepreneurship, and AI-native execution to align user needs with business outcomes. Operates across the full product lifecycle from stakeholder discovery through production deployment. Builds AI-enabled systems that accelerate research, decision making, and product delivery while keeping human judgment at the center. Rapidly learns emerging technologies and translates them into practical business solutions.

CORE EXPERTISE

Product Strategy • UX Research • Behavioral Mapping • Decision Architecture • Journey Mapping • Rapid Prototyping • Usability Testing • AI Workflow Design • Front-End Development • Stakeholder Alignment • Cross-Functional Leadership • Design Systems • Conversion Optimization • Agency Operations

EXPERIENCE

Managing Director

Linx Media — San Diego | Sep 2010 – Present

- Established a structured delivery framework from discovery through launch, improving consistency and execution across concurrent projects.
- Directed UX and product design across web and application experiences, ensuring usability, responsiveness, and alignment with business goals.
- Applied behavioral mapping and decision architecture to identify friction points and improve user outcomes across client engagements.
- Built and deployed AI-assisted workflows using Claude Code, Cloudflare Workers, and GitHub to accelerate research, prototyping, and production delivery.

Account Director

REAKT Agency — Remote | Sep 2023 – Jun 2025

- Served as the bridge between client vision and product execution, guiding website and digital initiatives from concept through launch.
- Aligned business, design, and technology priorities across internal teams and external stakeholders.
- Managed concurrent engagements while maintaining delivery quality and client communication throughout.

Co-Founder | Client Partner

Kontakt Mobile Marketing — San Diego | Nov 2015 – Sep 2023

- Co-built and scaled a mobile engagement platform delivering national campaigns for major retail brands including Famous Footwear across 51 grand opening locations.
- Designed and launched instant win game UX, prize engine architecture, and geolocation touchpoint mapping.
- Led cross-functional teams through rapid delivery cycles, managing strategy, design, and client approvals simultaneously.

Founder | Consultant

Kontakt XR — Los Angeles / Chicago | Jun 2021 – Jun 2023

- Led strategy and UX for AR/VR and WebAR experiences focused on intuitive interaction and friction reduction.
- Delivered no-app-required mobile access solutions for clients across retail and experiential marketing.

EDUCATION

UC San Diego — UX/UI Design Certificate | 2026

Accredited program covering UX research, prototyping, responsive design, UI design, and front-end fundamentals. 4.0 GPA, 10-month program.

SmythOS — AI Agent Systems Certificate | 2025

95 lessons covering AI and LLM fundamentals, advanced prompting, API and tool integration, multi-agent workflow orchestration, and deployment as HTTP APIs and embedded applications.

ICON Collective — Music Production & Creative Strategy | Burbank, CA | 2023

One year of accredited on-campus study covering music production, business marketing, audience development, and digital audio and video production. Skills in pattern recognition, timing, pacing, and audience psychology translate directly into digital experience design and AI assisted content production.
